Dear Friends,

I never dreamed that I would be able to offer a free 4K video switcher when you purchase a 2 camera robotic video PTZ camera package. After prayer, I realized I could and how to do it.

I remember years ago when I prayed and asked God, how can I offer a better deal to churches. The results of some of those prayers were instrumental in building my company, Kingdom.

God showed me ways to be able to afford to offer specials that I did not think I would be able to afford to offer such as free printed labels with your order for 100 or more cassettes. He showed me how to do that by gang running different print jobs by batching them together with other print jobs that required the same color ink, and the same color cassette labels.

But that was just the beginning of God answering my prayers for products that would really bless the kingdom of God and churches.

We were able to offer the Kingdom One-touch expandable cassette duplicator. Next we were able to offer the Kingdom 45 Express, later we were able to offer the world's fastest cassette duplicator at 45 inches per second.

Later we were able to offer a Kingdom 4 Copy Stereo Cassette Duplicator for about the price of other brands three copy mono duplicator.

Next we offered Kingdom CD and DVD Expandable Duplicators!

Soon we were able to offer churches and ministries their very own website built by Kingdom. We often save them thousands of dollars over comparable websites (page 53).

And because we are all about ministry, we have built five absolutely free website plug-ins that we are offering to churches and ministries. You can pick and choose what you want and simply plug them into your website. They include Finding Faith, a Prayer Wall Plug-in, Discipleship Assessment, and more! Please see pages 54 and 55.

It was not long before we were able to offer our own Kingdom 4K Video Camera at unheard of prices! See page 48. We've also been able to offer the lowest priced video camera switching and streaming systems. See page 49.

More recently we've been able to offer churches and ministries Kingdom 4K Robotic PTZ cameras (page 40) as well as a Kingdom Robotic Camera 10.1 inch touchscreen controller page (46) And now., I believe God showed me how I could offer you a free 4K video switcher that will also stream your services in 4K at the same time page (41).

We've also put much prayer and effort into how we believe you can help solve loneliness and help bring about God's kingdom here on earth as it is in heaven. You can find a very interesting article on this on page 39.

You'll also find many great specials throughout this catalog.

Warmest regards,

Johnny and Juanita Berguson

P.S. Want to make it easy for people to give and for you to collect more offerings? Many donation boxes are on sale on Pages 27-31.

P.P.S. get a free earworm mic when you buy a Pro 200 channel wireless lapel mic for only \$117 page 74

pre-filled communion
cups with wafer

*Couldn't be safer
or easier!*

"We have purchased Pre-filled Communion Cups for years and I can say without reservation this is the best tasting and best quality by far of any other brand."

Bonita Valley Community Church, CA

Blind taste tests prove that people prefer Kingdom Pre-filled Communion Cups 15:1

"We serve over 2,200 on communion weekend so we began shopping for a pre-filled communion/bread option. We really weren't sure which company to use so we ran a blind taste test of four brands, and Kingdom was the clear winner. Their pre-filled communion packets/containers were the easiest to open, and the best tasting!"

Love It ★★★★★

We didn't know what to expect ... We were thrilled to see how easy it was to assemble! It's sturdy and the perfect size ... It adds more class and blends perfectly with the current furniture. Sue was excellent with communicating regarding our questions and did so in a timely manner. The shipping company was great as they contacted us with the timeframe the shipment would arrive. I would definitely recommend this product!!

— Upon This Rock

I 100% recommend this to anyone! ★★★★★

As church treasurer, I helped the church to purchase this beautiful pulpit. Our pastor uses it as he preaches. It is 100% better than what we used to have, because it is very modern. I 100% recommend this to anyone!

Review by Church Treasurer, Angel Heredia from Primera Iglesia de Jesucristo Buen Samaritano in Dorchester, MA

"I 100% recommend this to anyone!"

HOW TO Solve Loneliness AND See People Grow!

by Johnny and Juanita Berguson

Loneliness is an epidemic in the United States. What can the people of God do to combat this? It may take some skills. Have you ever noticed that pastors and ministry leaders develop deep skills while the average believer usually does not? In fact, George Barna did a study on what it means to be a disciple. The average believer expressed that they didn't really know what 'being a disciple' means.

We live in an era where people generally think the order of things is to teach and then give some responsibility and more teaching.

But, let's look at the natural order of how people grow. They typically mature, get married, and then they have children. How do they learn to be parents? They learn by having children.

If you want to grow your people... try something new. Juanita and I have been doing this with people we are helping to extend their impact for the Kingdom. Wow! We have never seen so much personal growth in people. And, it beats loneliness.

First - this is not difficult. Second - it applies to everyone.

A word of caution... you know your people. If they move slowly into new things... and most people do... just invite people who are interested in extending their impact for the Kingdom to be part of a learning exercise. Work with that small group of people. Then, as you celebrate fruitfulness... you may find you have people standing in line to be part.

Here is what we asked our people to do. When you go about your daily lives, try to develop fellowship and practice breaking bread, sharing life with others. We asked the people connected to us who agreed to participate to break bread with Christians to knit together and with pre-Christians to establish relationships, sharing life and as part of that, sharing Christ. This is how Juanita and I have led many people to know Christ.

We had to define fellowship since most people think of fellow-

ship as having a meal or fun together. Fellowship is establishing committed relationships with people with the goal of serving each other and together serving others. We gave people an idea of what this looks like. Check out the website we built as "training wheels." FellowshipBuilding.com We just went over the simple concepts on the website with our group each week and had those in the group share what they were experiencing 'out in the field.'

Suddenly, we saw new growth in all of the people! And we saw Kingdom impacts as they connected with others. New groups formed and we heard so much about personal growth. Lonely people began to be knit in. People were in the Word so they could pass on wisdom to others. And, people had questions about situations they were encountering and how to address them... peacemaking, family building, and more. It is a beautiful thing to see how people are impacted when they step out to build fellowship. Best of all, since the work we were asking people to do was not complicated, anyone could do it.

We were amazed. We had never seen so much fruitfulness with lives being touched so quickly. And, the personal growth of each individual was just amazing.

If you would like to be part of a group of leaders who are learning to do this, let me know and we will set up a time to gather on Zoom. Just drop me an email: johnny.berguson@gmail.com

Everywhere we turn, people are offering 'church growth' training. Some good, some not so much. But, whatever we do, let's take a lesson from the natural world. What grows people naturally and spiritually is taking responsibility for others.

Let's send people out to do just that by building fellowship and breaking bread - sharing life with others.

NEW!

Kingdom Ultra 4K Robotic PTZ Camera

Introducing the future of robotic video camera systems!

A 4K Robotic Video Camera System gives movie theater quality without disrupting your service.

Because of newly developed SONY 1/2.8 inch CMOS sensors your church can have great video with only 0.1 lux of light! These sensors are in every Kingdom 4K PTZ Robotic Camera.

If used with the New Kingdom Pro Robotic Touch Screen Controller (as shown on page 46) with built in professional joystick, you can easily control multiple cameras.

So easy anyone can operate like a Pro. Kingdom has kept the price incredibly low because we want every church to be able to afford exceptional 4K video and broadcasts!

KRVC4KW (White) ~~\$1,999~~

\$997

Features:

- 8.5 million pixels, 1/2.8" CMOS Sony sensor
- 4K/30fps, 1080P/60fps, 1080P/30fps, 720@30fps
- Pan $\pm 171^\circ$, Tilt: $-30^\circ \sim 90^\circ$, the maximum speed of horizontal
- Rotation: $1^\circ \sim 90^\circ/s$, Tilt: $1^\circ \sim 90^\circ/s$
- The features include advanced ISP processing algorithms to provide vivid images with a strong sense of depth, high resolution, and fantastic color rendition

Turn-key Robotic Video Systems

Johnny Berguson says, "The video system is improved. Jonathan, Johnny's son, suggested we create a better Package. We used the Kingdom Ultra 4K Robotic PTZ Camera and a touchscreen streaming switcher because churches in rented facilities want to be able to install their video system into their permanent facilities someday."

The new 4K robotic video system we designed will even let you attach your existing traditional video cameras if you choose.

Customers love their Websites created by Kingdom!

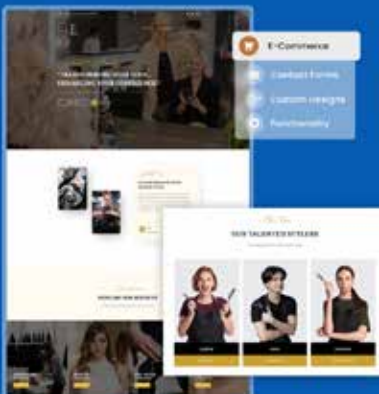

My compliments go out to the entire Website team. Well done. Impressive work. Throughout the entire process, from start to finish, your ability to make changes and corrections in a timely and consistent manner was surpassed only by your professional and courteous responses and attention to detail. Great training. God bless you. Keep up the good work. The website looks and works great!!

– Andrew Williams, Jr., New Frontiers of Faith

Absolutely awesome!
You guys are Phenomenal!!

– Charles Phillips,
Mount Pleasant Baptist Church

How can Kingdom® web services™ benefit the business owners in your church?

Your business owners will thank you for sharing Kingdom websites because Kingdom has the best quality sites that are much more affordable than what your business owners generally pay. Every week Kingdom supports businesses with their sites. Many of these sites come to Kingdom because pastors & church leaders let their business leaders know we provide the best quality, budget-friendly business sites around. Bless your business people and you'll see that they in turn, will bless you!

Free Finding Faith Plug-in

For Your Website to Encourage Your Community

Every person in your community goes through difficult times. People know God can help them when they hear how God helped others.

This Free Finding Faith Kingdom® Plug-in™ is a page that you add to your website that features people who talk about how God has helped them through life's challenges.

The Plug-in™ is a page you quickly and easily add to your website. It is filled with video stories that help your website visitors find and build their faith. These encouraging and heartwarming stories show how God is meeting the same needs that the viewer might be facing.

This FREE Plug-in

- Can be plugged into ANY website.
- It is free and will continue to be free.
- 10+ wonderful testimonies.
- Never stale! Every month the page is refreshed by Kingdom®, adding new testimonies and a fresh look.
- This Plug-in is one of Kingdom's efforts to spread God's kingdom and help you be a blessing to others!

The Details

The videos that are part of the Finding Faith Kingdom Plug-in™ for your website

- Cover topics such as salvation, forgiveness, marriage, family life, and more...
- Encourage, motivate, and challenge your website visitors to seek God and experience His grace for themselves
- Allows your website visitors to know that God is real and active in people's lives
- Creates a connection between your website visitors and you
- Attracts more visitors to your website and keeps them coming back for more

Easy

It's SO Simple. If you know how to add a page to your website, you can add this plug-in page in minutes OR if you have a Kingdom website we can simply add it for for you.

Inspire and encourage your website visitors with wonderful stories of faith and transformation by God's grace. And the best part is, it's completely free!

GET A CUSTOMIZED LOGO designed just for you!

A Logo that Speaks for Your Church, Ministry, or Business!

A logo captures the essence of your church. It's made with love and care. You'll talk to designers who really get you and what you believe in. Don't settle for a logo that lots of other churches might have. Your logo should be as unique and special as your faith.

Why choose KINGDOM?

- **Affordable**
Custom design that won't break your budget
- **Understanding**
Designers who have years of experience and understand what churches and ministries believe in
- **7 simple questions**
We will ask a few questions to help us create your logo, a logo that truly reflects you
- **Fast**
After we review your completed questionnaire, you'll see your designs within 2-3 weeks

Here's what YOU GET:

- 2 initial designs for you to review and choose from
- Up to 2 additional changes/revisions (Additional changes are \$40/hr.)
- Black & White version of your logo per request
- Plus Spot (Pantone) Color OR Full Color version of your logo
- Plus a ZIP file containing – but not limited to – PNG, JPG, and Native Illustrator file formats

New Kingdom Earworn Microphones...

for precise mic placement

Kingdom KX Earworn microphones are an exceptional choice to control the audio output level of the speaker or singer. When the microphone element has controlled placement at the mouth — close to the sound source — a consistent output is nearly guaranteed. The bendable boom of our earworn microphones easily molds to the ear and face shape for an optimal fit. The earworn microphone follows head movement giving the user freedom to articulate every word or lyric without compromise.

Almost invisible Earworn Mic – keeps the focus on you, not your microphone!

Inconspicuous short boom microphone with 1" boom delivers great sound! Easily adjustable to comfortably and securely fit around your ear. Neutral Beige color blends well with a variety of skintones. Includes windscreens and cable clip. This mic is very sensitive with great pick up! To avoid feedback, do not stand directly in front of a loudspeaker.
